CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 248 pages. Dimensions: 8.0in. x 5.0in. x 0.6in.The all too unreachable goal for many E people--people with Epilepsy--is 30, 60, 90 days, or a year seizure free (dependent on location) as that would mean a drivers license and freedom. Detour has been written with an automotive slant to make it understandable to clergy, law enforcement, medical personnel, therapist, psychiatrists, psychologists, friends, and family, not just the E people themselves. We, even I who do not drive and never will, can all relate to the analogy car to human. The body is the chassis, the brain is the engine. Just because E people have faulty electrical systems and their timing is off doesnt mean we should send them to the junkyard. This item ships from La Vergne,TN. Paperback.
