THE HIDDEN PLAGUE: A FIELD GUIDE FOR SURVIVING OVERCOMING HIDRADENITIS SUPPURATIVA

Primal Nutrition. Hardcover. Condition: New. 280 pages. Dimensions: 9.2in. x 6.5in. x 0.9in. Have you been plagued with boils, cysts, ingrown hairs, and acne-like bumps that take months to resolve, leave embarrassing scars, and cause considerable pain? Have you been to the doctor, only to leave with a prescription for antibiotics, few answers, and little to no hope? Hidradenitis suppurativa (HS) is a poorly understood skin condition that is believed to affect nearly twelve million people in the United States alone. Only a small fraction of those affected have been properly diagnosed, leaving many others to suffer in silence or pursue ill-advised conventional treatment methods that fail to address the cause of this painful condition. Tara Grant, a twenty-year sufferer of HS, has become an underground legend to her Internet community of HS victims by presenting a methodical, self-tested action plan to heal naturally. The centerpiece of her holistic approach rests on the understanding that HS is an autoimmune disorder caused by leaky gut syndrome. With a few simple dietary changes that eliminate certain trigger foods, you can heal your gut, restore your skin, reclaim your health, and rid yourself of HS symptoms forever. That's it: no antibiotics, no experimental surgeries, and no more pain, suffering, or confusion.
