

Appendices Pulled from a Study on Light (Paperback)

By Geoffrey Babbitt

Spuyten Duyvil, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Geoffrey Babbitt writes with a Sebaldian sense of time and cycles, with the experimental soul that Geoffrey Hill was reaching for, and all the lyricsm of Komunyakaa; so what can this mean? It means that Babbitt is an original and fresh voice, one that tugs at you with the sense of the familiar and yet with nothing you can pin down. It means that while you can see grace notes in his work, there is nothing of any other poet in him, a one-off, a beautiful but unexpected shift of light. What he does here, with delicacy and subtle moves, is create a space for presence to manifest. He pries open the matters of belief, of the terror of the loss of faith, of the constant negotiation between the heart and the mind, between the intellect and that awe we all believe to be present in the daily moments of our lives and loves but can never find the words for. This book is a meditation that the reader will return to often and rediscover themselves and the world in fresh and promising ways....
