

Black Ranching Frontiers: African Cattle Herders of the Atlantic World, 1500-1900 (Hardback)

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Ally Reichel)

BLACK RANCHING FRONTIERS: AFRICAN CATTLE HERDERS OF THE ATLANTIC WORLD, 1500-1900 (HARDBACK)

Yale University Press, United States, 2012. Hardback. Condition: New. Language: English . Brand New Book. In this groundbreaking book Andrew Sluyter demonstrates for the first time that Africans played significant creative roles in establishing open-range cattle ranching in the Americas. In so doing, he provides a new way of looking at and studying the history of land, labor, property, and commerce in the Atlantic world. Sluyter shows that Africans ideas and creativity helped to establish a production system so fundamental to the environmental and social relations of the American colonies that the consequences persist to the present. He examines various methods of cattle production, compares these methods to those used in Europe and the Americas, and traces the networks of actors that linked that Atlantic world. The use of archival documents, material culture items, and ecological relationships between landscape elements make this book a methodologically and substantively original contribution to Atlantic, African-American, and agricultural history.
