Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We find it quite possible to make just as delicious candy at home as can be bought of the most famous manufacturers. Of course there are a few kinds of candies that can be made only with the aid of special machinery; but there are enough kinds that can be made with utensils found in the ordinary kitchen (with a few more added) to make all the variety that one may wish for.
