ESSENTIALS OF ELECTROACUPUNCTURE (PAPERBACK)

Booksurge Publishing, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Essentials of Electroacupuncture is a formal textbook that contains complete and detailed prescriptions for stroke paresis and peripheral polyneuropathy. There are 5 million stroke survivors in the United States who suffer from motor function deficit, and 20 million Americans are affected by polyneuropathy. Since acupuncture has evolved over 4,000 years before the first textbook was written in 282 A.D., this book continues that tradition by providing an in-depth review of the highest principles of acupuncture from a historical perspective. This book also contains a section dedicated to I-Ching and Five Element Theory which form the backbone of the acupuncture system. Hindu Religion has its own unique way of seeing the elements of nature through the eyes of meditation. A translated text of Hindu Sacred Book is included; it will help practitioners see the elements of nature in a clearer view, expand their horizons, and become overall better acupuncturists.
