Excerpt from Down Through the Years: The Story of a People s Love for Their City Just as steel is tempered in the white-hot fire, so San Francisco endured great trials of her strength. Time and again con? agrations swept over her. But each time the city was rebuilt, better than it was before. Then on the morning of April 18, 1906, when San Francisco had climbed up the slopes of its storied hills and spread to the edge of the Pacific, the city was shaken by temblor and ravaged by ?ame. A world mourned the passing of a city it had grown to love, but the world did not know the eternal qualities those pioneers had put into the soul of San Francisco. Before the stones were cold people were planning a bigger and better San Francisco. Magnificent structures for its mercantile and commercial life. Rtsidential sub.
